

CLIMATE COMMITMENT DECLARATION

Commitment to Limiting Global Warming to 1.5°C

LYRA GROUP s.r.o., a chocolate manufacturer based in Ivanka pri Nitre, Slovakia, hereby declares its formal commitment to contribute to limiting global warming to 1.5°C above pre-industrial levels, in line with the Paris Agreement and the latest climate science.

Our Commitment

LYRA GROUP s.r.o. recognises that climate change poses a significant risk to people, ecosystems, and the global economy. As a responsible business, we acknowledge our role in addressing this challenge and commit to aligning our activities with the global ambition to limit warming to 1.5°C.

We commit to the following:

- Setting targets to progressively reduce our carbon footprint across our operations, supply chain, and products.
- Continuously improving our production processes to increase energy efficiency and reduce emissions.
- Prioritising renewable energy sources and low-carbon alternatives in our facilities and operations.
- Engaging our suppliers and partners to promote sustainable and low-carbon practices throughout our value chain.
- Transparently reporting our progress towards these climate goals as part of our annual sustainability reporting.
- Integrating climate considerations into our business strategy, investment decisions, and long-term planning.

Our Approach

We understand that achieving the 1.5°C goal requires urgent and sustained action. LYRA GROUP s.r.o. is committed to reviewing and strengthening this commitment over time, in line with evolving climate science and international best practices. This commitment is embedded in our company values, our Ethical Code, and our B Corp certification journey. Supported also by our climate action plan.

We recognise that this is a long-term commitment, and we pledge to act with transparency, accountability, and ambition in pursuit of a sustainable and climate-safe future.

Signed on behalf of LYRA GROUP s.r.o.
